

# Coffee Restaurant Menu

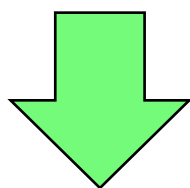

## in Canva

You will be creating a Menu for a new restaurant that just opened. A familiarity with basic Canva techniques is required (Template, Elements, Text, Photos). You will need to name your restaurant and include restaurant menu items, prices, and pictures. You will need to modify a template from the Canva library to include the necessary information below. Have fun and be creative!

### Directions:

1. Using **Templates**, search for **Menu**.
2. Scroll through the list of **Menu** templates. Select and apply a template.
3. Rename the file: **Menu**.
4. Customize photos, text areas, and elements to **include the required information listed below and from the hand written menu on the last page. Your menu items are from the hand written chalkboard on the last page.**
5. Be sure to use a variety of font colors, background choices, and photos.
6. When complete, select **Share** and **Download**. Choose File Type **PNG** and **Download.** and Insert into your **Graphics Portfolio**.
